

FLCM in Electric Guitar Performance

EXAMINATION REPORT

Candidate Name: Geoff Lea Entry No: WI17-85703	Approved	Not Approved
<p>Performance</p> <p>This was a high-standard performance which was delivered promptly and in an organised manner. There was an excellent sound produced from both the backing and the guitar and the balance was generally musical. The programme encompassed the 'rock/fusion/jazz' genres and there was a diverse selection of material chosen ranging from the well-known Satriani and Beck to the less-celebrated players such as; Cyrka and McAlpine. There was a strong selection of pieces offered and a very wide range of specialist techniques employed with precision. The frequent changes of sound and approaches demanded to perform the pieces with such an awareness of style was exceptional.</p> <p>Playing showed a command of the instrument and was sensitive to musical nuance and subtlety. The performance was multi-faceted showing spirit and aggression one moment and quiet spirituality the next. Playing was always controlled and there was a high degree of accuracy maintained throughout with the candidate showing a mature awareness of style. All playing in this performance was directed and without hesitation and was played with feel and attack appropriate to the individual piece.</p>		
<p>Programme Notes</p> <p>The programme notes were presented very professionally and covered every aspect of the syllabus requirements. The notes were written clearly and articulately and were informative without being unnecessarily academic. There was a clear sense of structure and planning and writing was lucid throughout.</p>		
<p>Examiners: Jim Bradford BMus, BA, LGSM, ALCM, LLCM (TD), PGCE <i>Jim Bradford</i> Stuart Ansell BA (Hons) <i>S Ansell</i></p>	<p>APPROVED</p>
